

Revenue cycle benchmarks to achieve best-in-class performance

A ONE-STOP TOOL FOR EVALUATING YOUR REVENUE CYCLE PERFORMANCE

The Hospital Revenue Cycle Benchmark Generator provides a clear visual comparison of hospital performance on key revenue cycle metrics measured against a selectable cohort.

BUILD YOUR CUSTOM COHORT BASED ON: REGION • BED SIZE • URBAN/RURAL • TAX STATUS • AFFILIATION

PARTICIPATING
ORGANIZATIONS IN 2019

Given the ongoing challenges related to Covid-19, we focused the metric collection to less than 40 key revenue cycle metrics to allow for a **faster and easier submission process** but continue to give you **actionable performance indicators**.

Deliverables

Survey participants can:

- View their data in a [comprehensive tool](#)
- Access a custom [performance diagnostic](#)
- Potentially [be profiled](#) for excellent performance across key metrics

Additional resources

- Review the top [insights](#) from 2019, or navigate the [tool](#)
- Contact Lauren Robinson at robinsolau@advisory.com for more information
- [Sign up](#) to participate
